PARTNERSHIP

**2021 ANNUAL REPORT**

By 2025, two-thirds of Christians will live in the Majority World—across Africa, Latin America and Asia. Because 8 in 10 of their pastors lack training and resources to faithfully preach God's Word, they and their people are vulnerable.

**OUR VISION IS  
TO CHANGE THAT**

# OUR VISION

To see churches in the Majority World equipped for mission and growing to maturity in Christ through the ministry of pastors and leaders who believe, teach and live by the Word of God.

# OUR MISSION

To strengthen the ministry of the Word of God through:

- Nurturing national movements for training in biblical preaching (Langham Preaching)
- Multiplying the creation and distribution of evangelical literature (Langham Literature);
- Strengthening the theological training of pastors and leaders by qualified evangelical teachers (Langham Scholars).

# WELCOME!

## Our Vision is to change 'that'...!?

'That', of course, is the statistic presented on our cover: '8 out of 10 pastors (*in the Majority World*) lack training and resources to faithfully preach God's Word.'

Why is this absence of training and resources for pastors so worrying?

Well, as John Stott observed, 'Churches live, grow and flourish by the Word of God, and they languish and die without it... whenever the Word of God is faithfully expounded and applied, congregations grow in both size and depth.'

Fundamentally, this is what this Annual Report is all about. These pages demonstrate how Langham Partnership UKI leverages the funds trusted to it to maximise the impact of Langham's three main programmes... in order to provide the training and resources to pastors (and potential pastors) so they can faithfully preach God's Word.

We invite you to be inspired by this vision and challenged to join in growing this impact. This year has seen strong growth in the programmes themselves as well as in the infrastructure required to support their expansion; we have built the capacity and invested in the scalability necessary to follow this vision. I commend this Report to your thoughts and prayers.

Finally, on a few occasions over this last year pastors have shared on our monthly 'Langham Live'\* words to the effect, 'I've been preaching for a long time – but I don't know what I've been preaching! It certainly wasn't the Bible...' Eloquent testimony in a range of accents that Langham's three programmes continue to provide essential resources which meet growing demand.

Thank you for your interest and support and with Christian greetings,

**John Libby**  
National Director

*\*'Langham Live' is a 'zoom' information, interview and prayer meeting held on the fourth Thursday evening and Friday morning of each month, attracting international participation.*

# LANGHAM PREACHING

training pastors who build  
resilient churches

# Langham trains indigenous pastors and lay leaders to faithfully study and teach God's Word so they can shepherd their congregations with hope in Christ.

## In the midst of disruption, pastor training continues

Despite the effects of the pandemic around the world, our Preaching Movements have continued to adapt to their local contexts. Although the number of seminars provided is lower than we originally planned, some in-person seminars have been able to go ahead and others have taken place virtually.

The use of virtual training has continued to be an encouragement as well as a

frustration! For some movements it has meant developments into new areas. For example, the encouragement of a virtual project in North West Asia which has meant that we are now developing a Preaching work in three new countries. The frustration comes for countries and regions where the internet and electricity is unreliable, making it difficult for training to be offered virtually.

## YOUR IMPACT AT A GLANCE

■ **204 preaching training seminars held in 54 countries**, where local pastors and leaders learn to study and teach God's Word.

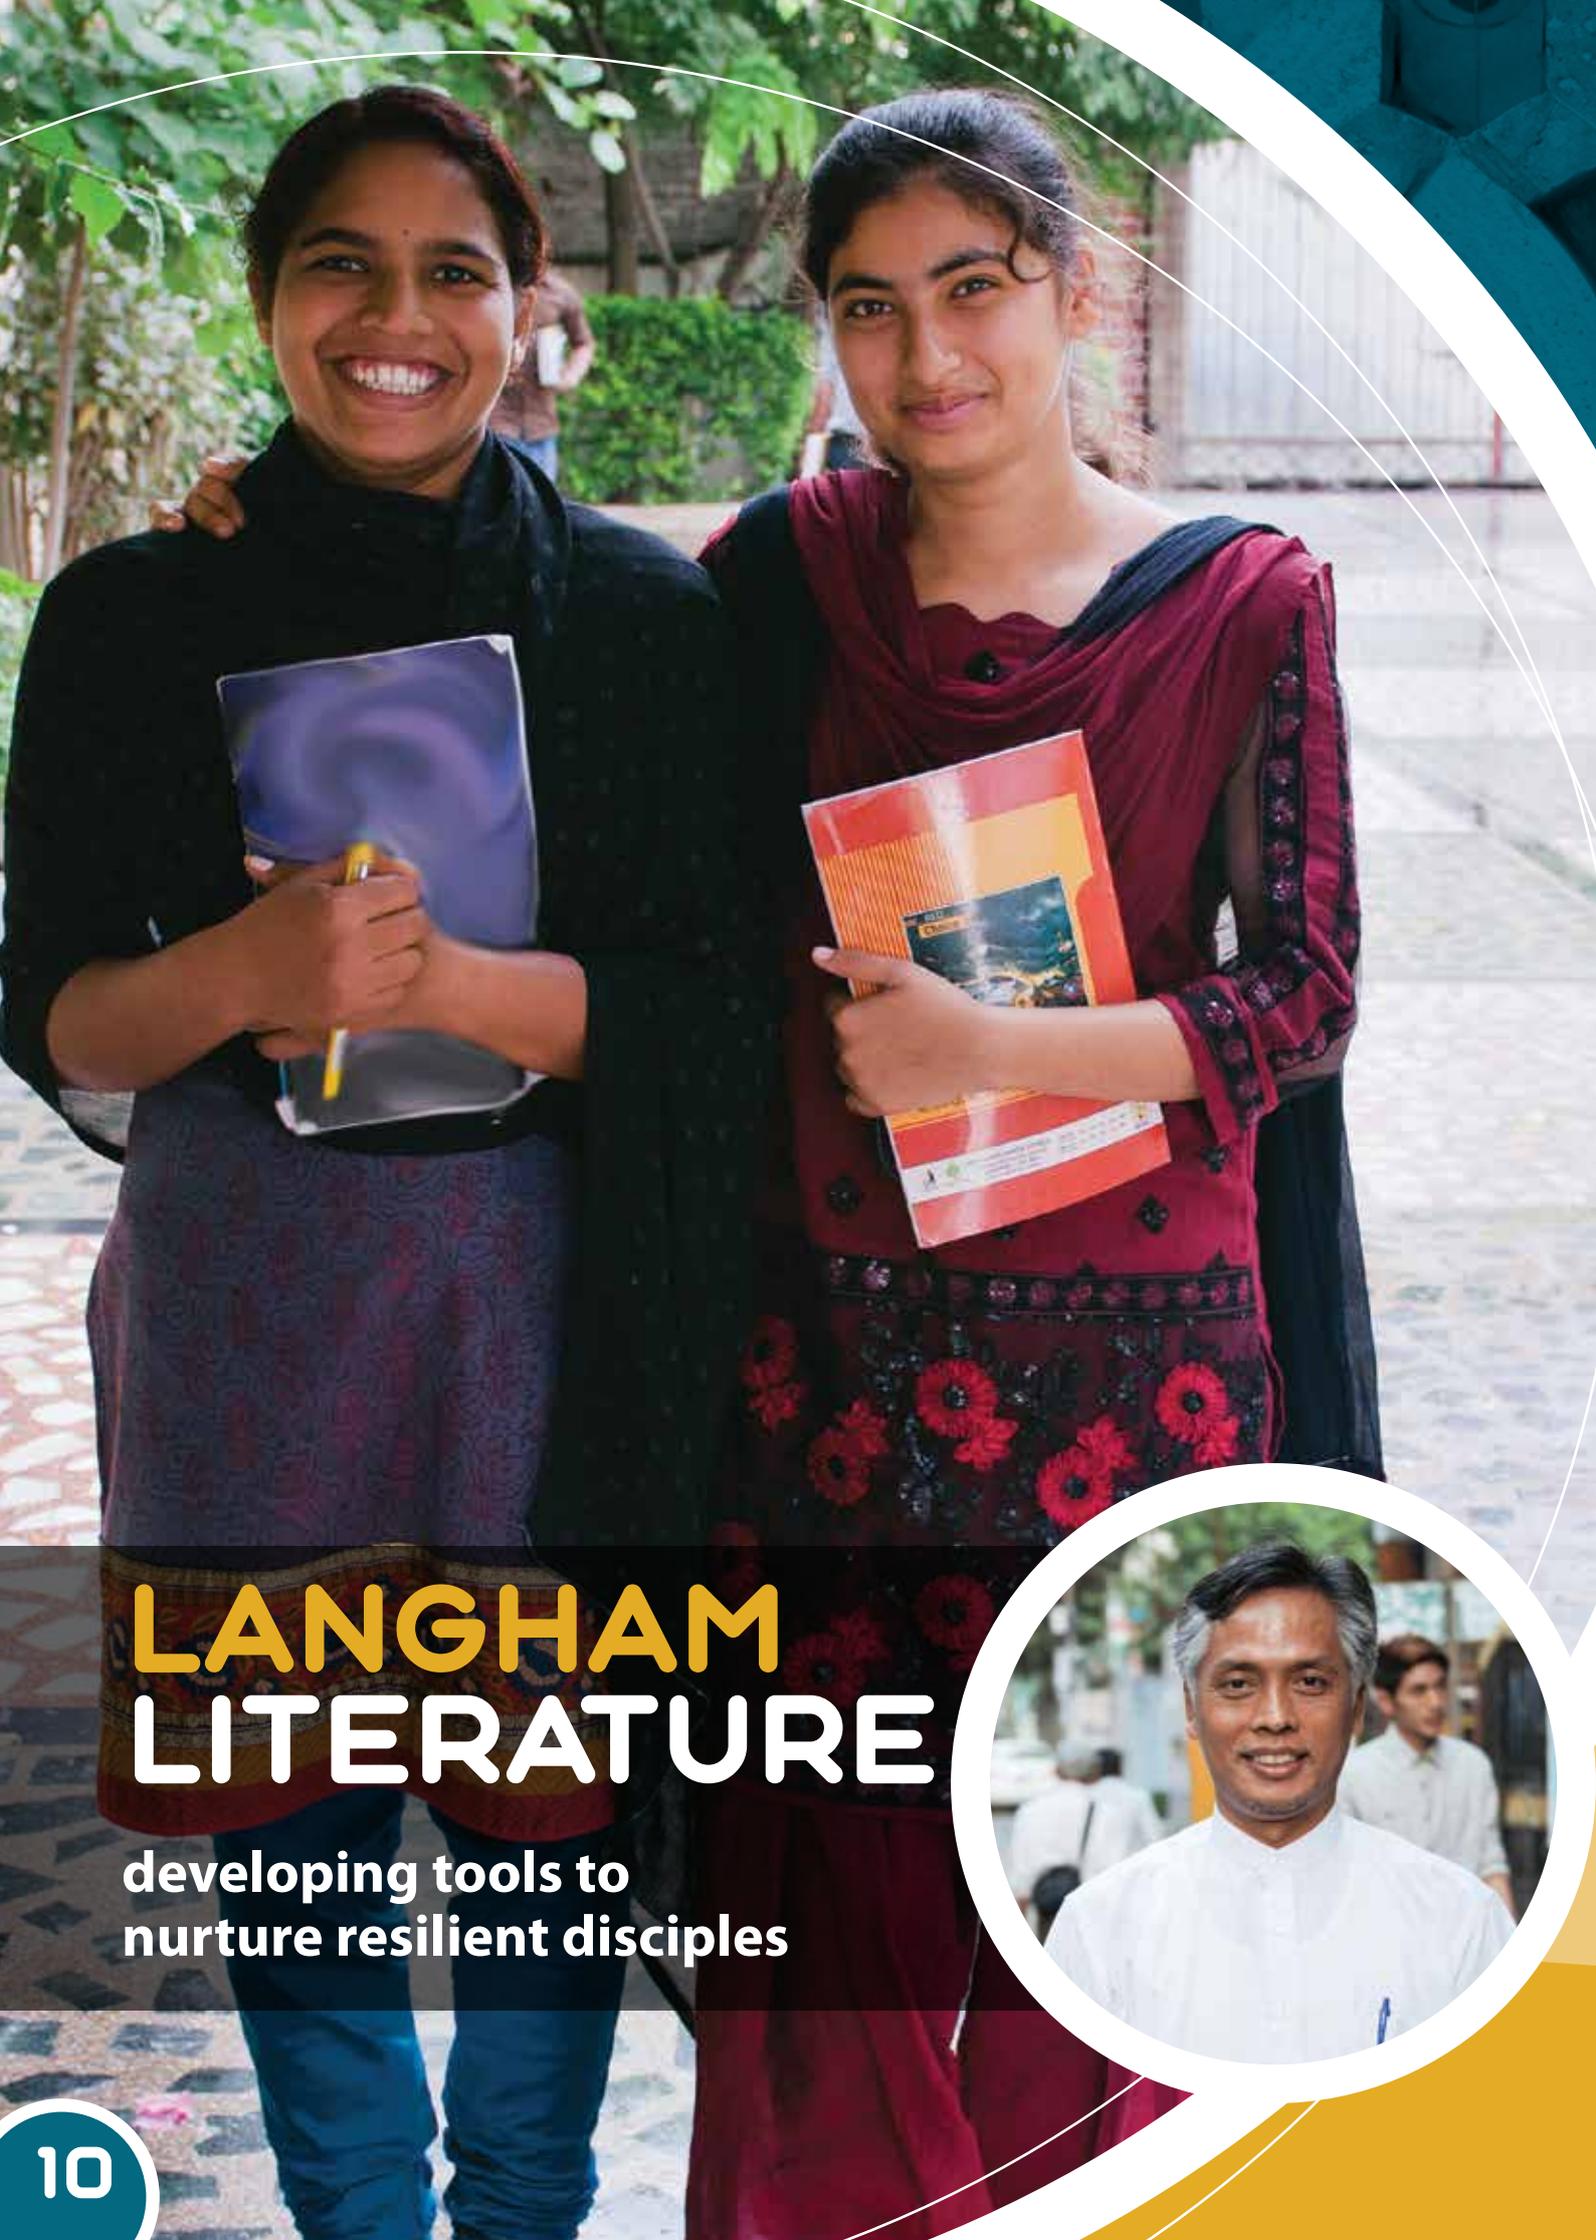

**TRAINING MULTIPLIES**  
*91% of Langham-trained pastors will train 64 others!*

# LANGHAM LITERATURE

developing tools to  
nurture resilient disciples

**Langham supports indigenous theological writing and publishing so that pastors and leaders have access to books in their own language and context as they serve the unique needs of their communities.**

## **Books in their hands, Christ in their culture**

The number of colleges receiving a book grant in FY21 was 627, lower than the goal, due to the ongoing impact of Covid-19 which has closed colleges or has meant that not all colleges were able to place their order with us.

The colleges include 19 large library grants, 18 local language colleges and 590 standard library grants.

The large library grants to 19 colleges are in 17 different countries - Cambodia, CAR, Cote D'Ivoire, DR Congo, Egypt, India, Kenya, Lebanon, Malaysia, Myanmar, Nigeria, Pakistan, Philippines, Thailand, Uganda, Ukraine and Zambia.

## **YOUR IMPACT AT A GLANCE**

■ **16,563 books shipped to 633 seminary and Bible college libraries across 80 countries** to give students and their teachers books to grow in Christ.

cross-culturally led them in this direction. Her work now focuses on publicity and prayer-raising for the Central African Republic through networking and social media, and supporting colleagues in raising personal financial support in the UK. Her experience of the gaps in training and resourcing of the church in central Africa has made her very much aware of the potential for Langham's ministry there, as in so many other challenging situations around the world. The combination of both a new generation of Bible teachers and mother-tongue Scriptures seems one of the most powerful tools for the development of mature churches worldwide! Having recently moved to west Devon, she is enjoying building relationships in the community there and seeking God's place in the local Christian family.

## **Structure, Governance and Management**

The Langham Partnership (UK and Ireland) [LPUKI], is a company limited by guarantee and a registered charity governed by its Memorandum and Articles of Association. LPUKI was an original member of the Langham Partnership formed in 2001. It signed up to the provisions set out in the Langham Partnership International Protocol first adopted September 2003 (latest revision adopted November 2013) and is currently one of the 6 National members. Langham's global programmes are jointly owned by, and are internationally operated through, the staff and funds provided by all 6 Members. The location and development of the Langham Service Centre in Carlisle results in additional responsibilities for LPUKI and the need for the LPUKI Board to have visibility of the programme incomes and expenditures and cash flow requirements on a regular basis, in order to exercise its fiduciary interest in the programme funds passing through the LPUKI accounts.

New Trustees are appointed by the existing Trustees in accordance with the Articles of Association, which specify that there must be a minimum of three Trustees at any one time, with no set maximum. The Board meets a minimum of three times a year, with one of these being a longer residential. Newly appointed trustees are provided with a full induction and the Chair and CEO provide training. Some roles require an appropriate professional qualification but most roles do not. Each year the Chair and CEO consider the number of vacancies likely to be available on the board against the particular skills, experience and other attributes that are being sought at that time to maintain diversity. Internal advertising to supporters and related organisations and approaches to known experts in key fields are the methods generally used for filling Trustee vacancies.

The Trustees have examined the major strategic, business and operational risks that LPUKI faces and review regularly an updated risk management matrix, confirming an assessment has been made of current risks and appropriate mitigating actions are in place. Those of primary concern to the Trustees at present continue to relate to growing current income for the charity with a donor base that is ageing and in recruiting new supporters through updated methods. Significant time and resources are now being invested in raising Langham's profile. Potential foreign exchange fluctuations post Brexit are of concern and require the transparency and modelling made possible by the new global accounting system. Where much of Langham's operation spans the globe, the rise in visa restrictions and their complexity is starting to have significant impact on planning.

The impact of Covid-19 has been considered on the charity's future plans and budgeting processes and the effect of the outbreak will continue to be a significant risk into the 2021-22 financial year and potentially beyond. The effect on this year's financial statements has been considered as part of the going concern assessment in note 1. Critical to Langham is the ability to control expenditure in an environment where income is volatile or under pressure and this has proved itself this year. An anticipated 10% reduction in donor income due to Covid-19 was offset by a controlled reduction in programme expenditure, especially in reduced travel. In the event our income increased due to generous support from donors and some significant one-off gifts and legacies.

## Fundraising Policy

The charity is registered with the Fundraising Regulator and adheres to its Code of Practice as well as the Charity Commission guidelines on fundraising. Trustees are issued with the Institute of Fundraising 'Practical Handbook' (2016) and activity is reviewed annually against this. The charity only fundraises and promotes support via specific written information which is issued in response to explicit written consent or personal enquiry direct or through the website. No cold calling, telephone or street fundraising is carried out and no inducements are made to staff or volunteers. No professional fundraisers or commercial participators carried out any fundraising activities on behalf of the charity. Our privacy policy covers how we use our donors' data and provides opportunities for all donors to opt out of contact with us or make a complaint at any point. Overseeing fundraising is the responsibility of our Supporter Development Manager who is a member both of the Institute of Fundraising, and our senior leadership team. No complaints linked to fundraising have been received during the period under review.

## Objectives and Activities

The charitable company's objects as stated in its governing document are the advancement of the Christian religion, based on the belief set out in the Bible. This is given expression in the following ways;

- The writing, printing, publication and distribution of Christian literature
- Preaching and teaching
- Provision of post-graduate theological education and training

## Public Benefit

The objects of LPUKI are focused on education and teaching as a core means of advancement of the Christian religion in the Majority World (Latin America, Africa, Asia, the Middle East and Eastern Europe), to help the global church grow in maturity. This is done by providing grants, scholarships, training workshops, assistance in the creation, publication and distribution of literature and also includes the facilitation of local preaching networks.

In shaping our objectives for the year and planning our activities, the trustees have also considered the Charity Commission's guidance on public benefit, including the guidance 'public benefit: running a charity (PB2)'.

## Mission and main activities

Our vision is to see churches in the majority world equipped for mission and growing in maturity in Christ, through the ministry of pastors and leaders who believe, teach and live by the Word of God. We achieve the objects of the charity and our mission to strengthen the ministry of the Word of God, through:

- Funding and nurturing national movements for biblical preaching and teaching networks in the Majority World, aimed at a wide range of church leaders who could not usually afford such training within their regions.
- Supporting individuals and publishing houses in the Majority World through mentoring, writing, publication and distribution of Christian literature. This support is provided as free consultancy work, writers' workshops and also through the provision of financial grants and books.
- Providing scholarships and family support to scholars seeking further theological training to doctoral level. Scholars are always expected to return to their home countries in order to train others and develop training institutions in the Majority World.

The Langham Partnership carries out these programme initiatives in partnership with institutions and individuals in the countries where we operate. LPUKI has been a major contributor to a strategic planning process involving all six national Langham members and the three international programs. This process informed our global Strategic Plan and Growth Campaign which, after 2 years (out of 5) has been reassessed and extended in the light of Covid-19.

## Achievements and Performance

Our global Strategic Plan could be usefully summarised as looking to double our global impact in financial terms over 5 years and then to sustain that level for a further 10 years, while resources are committed to growing our regular core income to match. This Plan was deliberately plateaued in the wake of Covid-19 pending greater clarity over the global economic situation and the response of our donors. In the event Langham's expansion was less constrained by the economic impact on donors, who remained extremely generous, but rather by the collapse in international and regional travel. However, the excellent numbers given below are independently assessed and are given for Langham Partnership as a whole because UKI specific impact numbers are not independently collected.

Programmes have been expanding significantly over the

last 2 years. The momentum in these figures represents a heroic response to Covid-19. Full use of real-time virtual, digital media has significantly helped to maintain impact as well as reducing travel and admin costs. Together with our supporters, and with God's grace, this past year these 3 programmes have accomplished:

### Langham Preaching:

- Held 204 (2020, 331) preaching training seminars in 54 (2020, 69) countries in need of solid biblical preaching. 54% of the seminars were remote (online). There are 99 Langham Preaching Movements in 85 countries around the world, but some had to pause Preaching seminars during FY21 due to the Covid-19 pandemic.
- Equipped 8,909 (2020, 9,661) pastors and lay leaders to teach God's Word (1691 (2020, 929) of these individuals are local indigenous Facilitators and Preaching Club coordinators). - Held 6 Regional Scholar consultations (2020, 1) for current Langham scholars. Although there were no Regional Forums for graduated Langham scholars, 2 webinars were held in February and in April. Many Langham scholars joined this global event with participants from around the world. Consultations and Forums provide opportunities for scholars to network, receive pastoral care, share research, collaborate, and be more effective in serving the church and theological institutions.
- Langham Scholars had 20 articles and 34 books published.

The Covid-19 pandemic affected a number of Langham's planned activities, including: postponement or cancellation of Preaching seminars, global or regional consultations, Scholars study residencies, Scholar Consultations and Forums; and impacted book distribution and delays to writing projects. However, there has been great creativity in adapting to the disruptions of Covid e.g. many Preaching seminars and Consultations/Forums changed to online delivery.

Significant enforced transport savings positively affected our national and international budgets and there was a very effective transfer of internal Langham meetings (UKI SLT, LTEC and LPIC) to virtual gatherings. A good Programme 'high' in the use of this technology was a virtual gathering of around 200 preaching facilitators in Peru. Langham UKI also successfully implemented a dispersed digital Advent and Easter programmes and instigated a monthly 'Langham Live' monthly virtual prayer gathering which were all well attended.

## Structural developments and Staffing changes

The first half of 2020-21 financial year continued to be dominated by the impact of Covid-19. The UKI and LPI team in the UK continued effective alternative working arrangements. Two staff were furloughed and the resources to work productively from home continued to be provided for others. A Covid-19 cleansing and distancing programme enabled continued use of minimal warehouse and office use.

The forced ability to undertake virtual meetings, added to the investment made over the last 3 years in cloud systems and a

digital media presence, enhanced the efficiency of changed working practices forced by the pandemic. Developments in digital supporter events and participation in '2021 hybrid Keswick' indicate a productive and effective way forward in informing supporters and engaging with a potential wider support group.

Right at the end of the 2021 financial year, the internal move of our Operations Manager to support our newly appointed International Director enabled several adjustments to current roles and the appointment of a part time Ireland representative to augment the UKI team.

The most exciting and encouraging structural development is the delivery of our new Warehouse and Offices – the new 'Langham Service Centre'. Handover itself is expected on 27th August just in time for the 1st September surrender of our lease on our present premises. The change of address details are noted in the first page of this report. Especially after Brexit (with the resulting building supply chain impact) but also with Covid regulations affecting contractors on site, we express our thanks and congratulations to the design and management team for this whole development project, which looks like being delivered on time and to budget.

## Financial Review

The 2020-21 impact of our programmes (see 'Achievements and Performance', above) depends on the Group raising £7.2m in donations and other income. Much of this flows through UKI, both due to its role as banker to the group and the location of the Langham Service Centre in Carlisle, UK. There are about £1.8m of internal 'inter entity transfers' through UKI accounts.

Of the £7.2m raised by the Group in 2020/21 (largely through donations) £1.6m was contributed directly from LPUKI income. This enabled the Group to spend £5.9m on Programmes directly and via global ministry support, of which £3.3m has been expended through LPUKI.

## Remuneration policy

Salaries are set by benchmarking against market rates, normally based on Church of England levels suitably adjusted where similar positions occur in the wider charity sector or in order to fit local part time job scales.

## Reserves Policy

Total funds held as at 30 June 2021 were £2,721k, of which £1,312k is restricted and not available for the general purpose of the charity and £1,409k is unrestricted.

The trustees have assessed LPUKI's risks and determined the level of free (designated 'policy') reserves required, based on a formula that takes account of 3 month's operational costs, 1-month strategic reserve, multi-year program commitments especially for Scholars and contingency reserve needs, for example for the Hookses property. As such, a Reserves Policy Fund has been established with a current calculated requirement of £277k. Due to use of the reserve in 2019-20, the balance brought forward at 1st July 2020 was £253k. This has been replenished to £277k at 30th June 2021. Trustees will continue to review LPUKI's reserves policy and level of reserves on an annual basis, in the light of changing risks and developing strategies and plans.

### Investment policy

The trustees have the power to make any investments that they think fit. They have considered the most appropriate policy for investing funds and have found the specialist unit trusts designed for the charity sector meet their requirements to generate both income and capital growth.

### Auditors

Moore Kingston Smith LLP were re-appointed to act as Auditors at the last year's AGM and we are grateful for their diligence and advice during the year.

### Trustees' Responsibilities

The trustees are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial period that give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- comply with applicable accounting standards, including FRS 102, subject to any material departures disclosed and explained in the financial statements;

- observe the methods and principles in the Charities SORP
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and which enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees who held office at the date of approval of this Annual Report as set out above each confirm that:

- so far as they were aware, there is no relevant audit information (information required by the charitable company's auditors in connection with preparing their report) of which the charitable company's auditors are unaware; and
- as trustees of the charitable company, they have taken all the steps that they ought to have taken in order to make themselves aware of any relevant audit information and to establish that the charitable company's auditors are aware of that information.

### Small company

This report has been prepared in accordance with the provisions applicable to companies subject to the Small Companies' regime in Part 15 of the Companies Act 2006.

# REPORT OF THE INDEPENDENT AUDITORS

## Opinion

We have audited the financial statements of The Langham Partnership (UK & Ireland) ('the charitable company') for the year ended 30 June 2021 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard Applicable in the UK and Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 30 June 2021 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs(UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of financial statements section of our report. We are independent of the Corporation in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in

the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

## Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' annual report for the financial year for which the financial statements are prepared is consistent with the financial statements; and

- the trustees' annual report have been prepared in accordance with applicable legal requirements.

### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' annual report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies exemption in preparing the Trustees' Annual Report and from preparing a Strategic Report.

### Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 8, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend

to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

### Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

The objectives of our audit in respect of fraud, are; to identify and assess the risks of material misstatement of the financial statements due to fraud; to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud, through designing and implementing appropriate responses to those assessed risks; and to respond appropriately to instances of fraud or suspected fraud identified during the audit.

However, the primary responsibility for the prevention and detection of fraud rests with both management and those charged with governance of the charitable company.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory requirements applicable to the company and considered that the most significant are the Companies Act 2006, the Charities Act 2011, UK

financial reporting standards as issued by the Financial Reporting Council and UK taxation legislation.

- We obtained an understanding of how the charitable company complies with these requirements by discussions with management and those charged with governance.
- We assessed the risk of material misstatement of the financial statements, including the risk of material misstatement due to fraud and how it might occur, by holding discussions with management and those charged with governance.
- We inquired of management and those charged with governance as to any known instances of non-compliance or suspected non-compliance with laws and regulations.
- Based on this understanding, we designed specific appropriate audit procedures to identify instances of non-compliance with laws and regulations. This included making enquiries of management and those charged with governance and obtaining additional corroborative evidence as required.

As part of an audit in accordance with ISAs (UK) we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the charitable company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the charitable

company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the charitable company to cease to continue as a going concern.

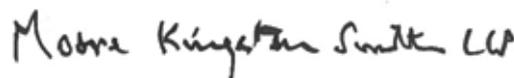

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to any party other than the charitable

company and charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## 1. ACCOUNTING POLICIES

### Accounting convention

These financial statements are prepared on a going concern basis, under the historical cost convention, as modified by the revaluation of investments being measured at fair value through income and expenditure within the Statement of Financial Activities.

The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) including update bulletin 2, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011, the Companies Act 2006 and UK Generally Accepted Practice.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest pound.

The principal accounting policies adopted in the preparation of the financial statements are set out below.

### Going concern

The trustees have assessed whether the use of the going concern basis is appropriate and have considered possible events or conditions that might cast significant doubt on the ability of the charity to continue as a going concern. The trustees have made this assessment for a period of at least one year from the date of approval of the financial statements. In particular the trustees have considered the charity's forecasts and projections and have taken account of pressures on donation and investment income.

The trustees have given due consideration for the effects of the Covid-19 outbreak, the impact of which may extend into the 2021-22 financial year and beyond.

The 2020-21 financial year has shown the resilience of Langham's income streams to the impact of Covid.

Based on its donor profile, and sources of income, Langham is largely sheltered from reductions in income due to Covid restrictions, however, a prudent approach to budget planning

for the 2021-22 financial year has been taken particularly in terms of income expectation. This will be monitored closely throughout the year and budgets adjusted where required.

Income from other Langham entities (£1.8m in 2020-21) could reduce if other Langham entities (based across the world) are impacted by Covid in different ways. This risk is mitigated by decisions on income and expenditure being taken by the Leadership Team Executive Committee, which comprises representatives from each entity and programme stream and meets on a monthly basis.

In previous years Langham has shown capacity to reduce budgets and costs quickly and effectively in the face of the risk of reduced income.

The charity holds significant reserves as at 30th June 2021.

Taking the above into account, the Trustees are confident that the charity will continue to meet its obligations as they fall due and that therefore the going concern basis continues to be appropriate.

### Income

- Donations, grants and other forms of voluntary income are recognised in the period in which the charitable company is legally entitled to its receipt and the amount can be measured and receipt is probable. Income tax recoverable on Gift Aid donations is recognised when the income is recognised. Legacies are included on a receivable basis as and when the value can be measured with sufficient reliability and receipt is probable.
- Gifts in kind donated for distribution are included at valuation and recognised as income when they are distributed to the projects. Gifts donated for resale are included as income when they are sold.
- Activities in furtherance of the charitable company's objects include income from book sales and is included in the period in which it is receivable.
- Investments are included in the balance sheet at their market value on that date. Unrealised revaluation gains are included in the Statement of Financial Activities. Investment income is credited to the income and expenditure account, and is inclusive of any income tax recoverable thereon.

## Expenditure

All expenditure is accounted for on an accruals basis and is recognised when there is a legal or constructive obligation to pay. Expenditure has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of the resources.

- Grants payable are accounted for when paid over, or when awarded, if that award creates a binding obligation on the charitable company.
- Cost of raising funds includes all expenditure in relation to obtaining funding for the charitable company to meet its charitable aims.
- Costs of charitable activities include all expenditure directly related to furthering the objects of the charitable company.
- Support costs including governance costs are allocated to cost of raising funds and charitable activities on the basis of an estimate of time spent by the relevant staff members, and resources utilised.

Expenditure includes attributable VAT that cannot be recovered.

## Depreciation

Fixed assets below £500 are not capitalised. Depreciation is provided on tangible fixed assets at rates calculated to write off the cost of each asset evenly over its expected useful life, as follows:

Fixtures, fittings and equipment      20% to 25% on cost

Freehold land is not depreciated. No depreciation is charged on freehold buildings as they are maintained to a high standard, which prolongs their useful life and enhances their residual value (based on prices prevailing at the time of acquisition) and accordingly any depreciation charge arising is considered to be immaterial. The freehold building is reviewed for impairment annually.

## Investments

Investments are stated at market value at the balance sheet date. Realised and unrealised gains or losses for the period are accounted for through the Statement of Financial Activities.

### Stocks

Stocks are stated at the lower of cost and net realisable value. When publications are given to scholars, their cost is recognised within grants payable at the time of the gift.

### Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less.

### Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense.

### Pensions

The charitable company participates in a defined contribution pension scheme, the assets of which are held separately from those of the charitable company in a fund independently administered by the Pensions Trust. The charitable company also contributes to money purchase personal pension plans held by individual employees. Contributions are charged to the statement of financial activities for the period in which they are payable to the scheme.

### Operating leases

Rentals payable for assets held under operating leases are charged as they fall due.

### Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions denominated in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the net movement in funds.

## Funds

Unrestricted funds represent the funds of the charitable company that are not subject to any restrictions regarding their use, and are available for application to the general purposes of the charitable company. Funds designated for a particular purpose by the charitable company are also unrestricted. Designations are shown as a transfer from undesignated to designated funds.

Restricted funds are those amounts given for specific purposes, which may be declared by the donor or with their authority.

## Critical accounting estimates and areas of judgement

In preparing financial statements it is necessary to make certain judgements, estimates and assumptions that affect the amounts recognised in the financial statements.

In the view of the trustees in applying the accounting policies adopted, no judgements were required that have a significant effect on the amounts recognised in the financial statements nor do any estimates or assumptions made carry a significant risk of material adjustment in the next financial year.

## 2 TAXATION

The charity benefits from exemptions on income and gains falling within sections 466-493 of the Corporation Tax Act 2010 to the extent they are derived from charitable activities.

## 20 RESTRICTED FUNDS (CONTINUED)

In 2020-21, LPUKI transferred £9,945 to the Scholars Team to support additional expenses incurred as a result of the Covid-19 pandemic.

£34,452 has been transferred from funds donated for literature to support expenditure on publisher development in East Asia. Similarly, £35,000 was transferred from the programmes general fund to support expenditure on general publisher development.

The John Stott Memorial Fund was established in accordance with John Stott's wish that a fund be established in his memory for the two charities that he founded; Langham Partnership, and the London Institute for Contemporary Christianity (LICC). The fund is expected to be fully utilised in the 2021-22 financial year.

The Scholarship Fund provides grants to strengthen theological leadership in the Developing World. PhD scholars research biblical, theological and related subjects, largely in the UK, with relevance to their home countries.

The Langham Service Centre (LSC) serves as a hub for the Literature, Preaching, and Scholars programmes. As detailed in the Report of the Directors, a new warehouse and office complex has been developed. The designated and restricted funds for this will be used to support the cost of this project as it is depreciated and maintained over its useful life. The property will be brought into use on 27th August 2021.

The Hookses Fund arose from a gift of a freehold property to the charity for its use and ministry.

The LPI Fund comprises restricted funds to support the central functions of Langham (eg IT, staffing and finance).

The LPI International Ministry Director comprises funds received in respect of the IMD and used to support a wide range of international initiatives.

The Literature Fund comprises funds received specifically for the literature programme and the various projects within that.

The Preaching Seminars Fund is to facilitate the improvement of biblical preaching through seminars and consultations held in different parts of the world. This has increased significantly during 2020-21 due to Covid restrictions meaning a reduction in expenditure as many seminars have been held online rather than in person.

The Grant Programme funds represent donations given towards specific programmes run by Langham Literature and are used to fund the costs of running each programme. Literature restricted funds projects utilise significant general Literature staff and management time, and also consume general resources in the delivery of restricted funds projects.
